### Inner Peace—Global Impact: Tibetan Buddhism, Leadership, and Work

Edited by *Kathryn Goldman Schuyler*

A volume in **Advances in Workplace Spirituality: Theory, Research, and Application**  
Series Editor Louis W. (Jody) Fry, Texas A&M University - Central Texas

**INNER PEACE—GLOBAL IMPACT** describes underlying principles of Tibetan wisdom traditions relevant for successful leadership in the 21st century as well as Tibetan teachers whose entrepreneurial actions were critical to the development of Tibetan Buddhism in the West. With first-person narratives, personal stories, scholarly research, and commentaries by noted social scientists, this book is written for everyone who wants ideas to revitalize leadership.

It is rich with vivid pictures of deep personal experience. Long-time Western Tibetan Buddhist practitioners describe how their practice has influenced them in fields as diverse as scientific research, social work, art, dance, and university teaching. The Dalai Lama is seen through the eyes of his long-time friend, eminent author Huston Smith, as well as through the experiences of Thupten Jinpa, his 25-year English translator. Sogyal Rinpoche shares his vision for transforming traditional ways of studying, while Lama Tharchin Rinpoche, a 10th generation Tibetan yogi, reflects on the challenges of teaching in a Western culture where perspectives differ so vastly from those of Tibet.

With insights from Tibetan lamas and Western thought leaders including Peter Senge, Bill George, and Margaret Wheatley, this book creates new visions for leadership and the workplace.

“When the very survival of our planet is at stake, a deeper understanding of practical ways to provide authentic leadership is needed. [This book] connects the wisdom teachings of Tibetan Buddhism and their relevance to the perils and promises of the modern world in a way that is timely and comes as a blessing to us all.” - **Tsoknyi Rinpoche**, Author of *Open Heart, Open Mind; Carefree Dignity; and Fearless Simplicity*

“I am amazed how the influence of the Tibetan People, a tiny population from literally the end of the earth, has become so great in modern society. This book helps us understand this phenomenon. A fascinating read!” - **R. Adam Engle, JD, MBA**, Co-Founder and former President, *Mind and Life Institute*

“The stellar and impeccably credentialed writers Kathryn Goldman Schuyler brings to her volume are well chosen. Together, under her leadership, they powerfully make the vital connections between inner and outer peace.” - **Anne Carolyn Klein, PhD /Rigzin Drolma**, Author of *Heart Essence of the Vast Expanse and Meeting the Great Bliss Queen*

“This fascinating volume is an essential reading for anyone who wants to know about this emerging paradigm.” - **Antoine Lutz, PhD**, Senior Scientist, Waisman Lab for Brain Imaging & Behavior, *Center for Investigating Healthy Minds, Univ. Wisconsin-Madison*
